# LETTER FROM THE EXECUTIVE

Do you love your job? It would be great if everyone could say yes, but maybe even more important is being able to say, "I love my colleagues."

They are the people we see almost as much as we do our own families, the ones who notice when we are killing it, when we are stuck, and when we have gotten a new haircut. I love marketing people because they tend to take the job seriously, but learn to let themselves loose too!

We work with the public everyday, we are serious about our clients and our obligations to our retailers and we are committed to growth, but at the end of the day we like to share a laugh over a rude customer or debate on a white board if pineapples go on a pizza or not!

Motion magazine was created over 1 year ago to highlight who we are when we are not "on the clock." Our company culture is amazing, but we also want to showcase it!

This month, as we say goodbye to triple temperatures, we have a final hoorah! An End Of Summer BBQ is all planned out for you in this issue from food, to drinks, fun activities, to what to play!

As we continue to learn more and more about each other we also learn who has a 25+ shoe collection and how we can achieve those goals too!

Whether you read this magazine because you are apart of our team or you are reading because you want to be apart of, just know learning about our forward movement makes us happy to work in a place like this!

Looking forward to autumn-

Whether you read this magazine cuz you are apart of our team or you are reading because you want to be apart of, just know learning about our forward movement makes us happy to work in a place like this!

# SHANE'S SHOES

"I hope my collection continues to grow and I will be able to enjoy it for a long time."

WHEN WE FIRST  
LEARNED ABOUT  
SHANE'S SNEAKER  
COLLECTION WE HAD  
TO HEAR THE STORY  
BEHIND IT!

WHAT GUY HAS A  
BIGGER COLLECTION  
OF SHOES THAN A  
GIRL?

SHANE L. THAT IS  
WHO!

Britt j. (B) sits down with Shane L. (S) to learn more about his passion for fashion and how one can become a "Sneaker Head."

Yes, "Sneaker Head" is areal thing. Collecting, reselling, showcasing- the art of sneaker owning is at a whole new level!

B: When did you start collecting sneakers? And why?

S: I started collecting around my freshman year (of highschool).

I started to collect because my family couldn't afford alot.

I got my first job at Wendy's when I was 15 1/2, had to get a work permit from my highschool, and started to buy them.

B: Wow thats quite a long time!

How many pairs are you up to now?

S: Currently, right now, I have 26 pairs.

B: I am sure you have outworn a few over the years, but do you have a favorite pair?

S: My favorite pair right now is my Texas Longhorns Nike Free 5.0 Flywires.

B: Okay, what about a pair on your wishlist?

S: I want to collect all the Jordan cement styles and all the Jordan retro 3's.

B: Jordans, yes! My cousin's were obsessed with the latest pairs coming out growing up for sure. But how do you keep up? Where do you like to window shop or purchase?

S: Alot of my collection came from online, different websites and of course always following the brands to see what styles are coming out. But, some of it came from the Nike outlets and the store Guess List in the Arizona Mills Mall in Tempe, AZ.

B: Gotta love that outlet shopping! I know for me a favorite sneaker shop I frequent is Manor in Uptown Phoenix. This small boutique features artist collabs and the latest trends in footware and accessories from brands like Herschel and Adidas.

What do you hope will come from all of this collecting? When do you think you will ever stop?

S: I hope my collection continues to grow and I will be able to enjoy it for a long time.

B: Can't Stop! Won't Stop!

Sounds lke an osession, but I can relate, I love shoes!

Anything else you want to add? Anything you want future Shoe Shane to know?

S: The only thing I would add is I bought ny daughter her first pair at 1 1/2 and she loves them (haha).

B: That's amazing! I was nick names Amelda Marcos when I was little because of the shoe collection I had before I could walk.
